Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 28 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear and dry with fog forming for some.

This Evening and Tonight:
A clear and dry night for many, though some eastern and southern parts of the region may see some low cloud and fog development through the early hours. Chilly, with some frost forming in places. Minimum temperature 0 deg C (32 deg F).

Monday:
Low cloud and some fog may linger across the southeast but elsewhere it will be dry with lots of sunshine. Overnight, low cloud and fog will become widespread. Mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Tuesday to Thursday:
Dry on Tuesday with cloud to the east and sunshine to the west. Becoming cloudy across the region on Wednesday and Thursday with some showers possible. Turning cooler from Tuesday.
